Assault Weapon Identification and Safety

Date: May 24, 2019

Time: 0800-1700

COURSE DESCRIPTION:

STC Certified!!
(STC# 07113417)

It is critical for all professionals within the criminal justice system to understand the current California Firearms Law and establish a clear understanding of the importance and practice of firearms safety. This course will focus on how to render assault firearms to a safe and unloaded condition, the unique role in the operation of various assault firearms in establishing the facts of a case, and the ability to recognize illegal weapons and determine the appropriate charges. These skills when established early greatly reduce the risk of accidents and injury and improve the chances of a successful and informed arrest, prosecution, or defense. A variety of unloaded firearms will be on display and students will participate with the handling of various firearms and how to render them safe. The current California Assault Weapons laws will be covered in depth.

This is a unique course with one of the only opportunities to examine and handle CA registered Assault Weapons, in a safe, controlled learning environment.
