COURSE DESCRIPTION:
This eight-hour course will provide an in depth look at structure, ideologies and operations of multiple Outlaw Motorcycle Gangs (OMG) organizations. There will be an emphasis on officer safety and OMG member and associate identification. This is an imperative course for anyone involved in Law Enforcement and Corrections due to the number of OMG organizations operating throughout California.

This course will feature Charles Falco, who was an actual high-level informant and member of multiple OMG’s. Falco will provide a first hand account of three OMG infiltration cases from the violence and fear to the multi-jurisdictional takedowns. Falco’s infiltrations are the foundations for the History Channels new series “Gangland Undercover”, which premiered in February 2015. Falco will also discuss the internal dynamics of the OMG’s he infiltrated and how those dynamics relate to the recent increase in OMG violence.
